Producer: Bloomage Biotech

Commercial name	INCI	Claim	Status
BIOECTO	Ectoine	Skin repair. Protects cells from UV, blue light, high temperature damage. Improves cell stress response. Inhibits the release of inflammatory factors. Promotes the production of collagen and delays aging. Highly hydrophilic with long-term moisturizing ability	Cosmos
BIOMOIST for Oral care	Hyaluronic Acid	Improves dry mouth. Reduces inflammation factors. Repairs damaged gingival tissue	
BIOYOUTH BRICE	Saccharomyces/Rice ferment filtrate, Butylene Glycol, Pentylene Glycol, Ethylhexylglycerin	Skin lightening. Repairs damaged cells and restores skin barrier. Significant whitening effet. Anti-oxidant, delay of skin aging	Cosmos
BIOYOUTH EGT	Ergothioneine, Tricholoma Matsutake Mycelium Ferment Extract.	Protects DNA and mitochondria in skin cells, anti-oxidant, anti-photoaging. Reduces UV and brown spots. Improves skin roughness, crows feet	
BIOYOUTH EGT PRO	Ergothioneine, Tricholoma Matsutake Mycelium Ferment Extract, hydrolyzed Sodium Hyaluronate	Protects DNA and mitochondria in skin cells, anti-oxidant, anti-photoaging. Reduces UV and brown spots, crow's-feet. Increases skin moisture content and elasticity	
BIOYOUTH NATTO	Bacillus/Soybean ferment, Butylene Glycol, Pentylene Glycol, Ethylexhylglycerin	Moisturizing, anti-inflammation. Improves cells activity and skin texture. Increases skin elasticity.	Cosmos
GABACARE BL 98 T	Aminobutyric acid	Reduces wrinkles and smooth skin. Repairs damaged skin. Promotes the synthesis of HA and collagen.	Cosmos
HYACOLOR	Sodium Hyaluronate, Ricinus communis (castor) seed oil	Oil dispersed sodium hyaluronate. Soothes and repairs lips	Cosmos

Commercial name	INCI	Claim	Status
HYACOLOR 3 D	Ricinus Communis Seed Oil, Hydrolyzed Sodium Hyaluronate, Sodium Hyaluronate, Hydrogenated Castor Oil	3D Hydration, Smoother designed for color cosmetics (especially for lip products)	Cosmos
HYACOLOR LA	Hydrolyzed Sodium Hyaluronate, Limnanthes Alba (Meadowfoam) Seed Oil, Gly ceryl Behenate.	Designed for color cosmetics (especially for lip products. Natural care. Hydrating, improves skin roughness	Cosmos
HYADOM for lubricant	Hyaluronic Acid Sodium salt, glycerol, sorbitol,methyl paraben, Phenoxyethanol,Aqua	Provide stable lubrication for latex condoms, not sticking. Moisturizing, Nourishing, Safe & easy to clean	
HYAFACTOR NAG	Acetyl glucosamine	Promote HA synthesis and scavenges free radicals. Regulates the exfoliation of cutin. Whitening and moisturizing effects	Cosmos
HYAFACTOR PGA	Sodium Polyglutamate	Moisturizing. Improve skin smoothnes and skin feeling	Cosmos
HYAFACTOR PGA LM	Sodium Polyglutamate low molecular weight	Low molecular weight PGA. Better transdermal absorption. Promotes the accumulation of NMFs. Hydrating. Inhibition of melanin production and whitening	Cosmos
HYAFACTOR PGA SHM	Sodium Polyglutamate Super High Molecular weight	Super high molecular weight PGA. Provides silky feeling. Promotes the generation of NMF and enhances significantly the skin barrier function	Cosmos
HYAFACTOR SG	Sclerotium Gum		
HYMAGIC 4 D	Sodium Hyaluronate Crosspolymer, Sodium Hyaluronate, Sodium Acetylated Hyaluronate, Hydrolized Sodium Hyaluronate, Pentylene Glycol, Ethylhexylglycerin, Aqua.	Combination of four kinds of HA. Accurately targets different skin layers. Synergistic moisturizing	

Commercial name	INCI	Claim	Status
HYMAGIC AcHA	Sodium Acetylated Hyaluronate	High-affinity and absorption. Superb moisturizing. Repairs skin barrier. Improves skin elasticity	
PHYLCARE HA EXTRA XS	Hydrolyzed hyaluronic acid	Hydrating. Improves skin elasticity. Decreases skin wrinkles. MW: 37 - 56 kDa	Cosmos
PHYLCARE MINI HA	Hydrolyzed Sodium Hyaluronate	Transdermal absorption, deep moisturizing. Repairs damaged cells. Anti-oxidation, anti-aging. MW: 3 - 10 kDa	Cosmos
PHYLCARE MICRO HA	Hydrolyzed Sodium Hyaluronate	Inhibits the release of inflammatory cytokines and scavenges free radicals. Repairs skin cell damage and accelerates tissue healing. Promotes keratinocytes proliferation and enhances skin barrier function. MW: < 5 kDa	Cosmos
PHYLCARE SODIUM HYALURONATE HW +	Sodium Hyaluronate	Natural moisturizing factor. Brings lubricity and film-forming effects. MW: 1,8 - 2,2 MDa	Cosmos
PHYLCARE SODIUM HYALURONATE MW 95+	Sodium Hyaluronate	Natural moisturizing factor. MW: 1 - 1,8 MDa	Cosmos
PHYLCARE SODIUM HYALURONATE LW	Sodium Hyaluronate	Natural hydration with fast effect. MW: 400 - 1000 kDa	Cosmos
PHYLCARE SODIUM HYALURONATE EXTRA LW	Sodium Hyaluronate	Natural hydration with deep effect. MW: 100 - 400 kDa	Cosmos
PHYLCARE SODIUM HYALURONATE XS	Sodium Hyaluronate	Protects and repairs skin after UV exposure. Allows deep hydration. MW: < 100 kDa	Cosmos
PHYLCARE XS 20-50	Sodium Hyaluronate	Protect and repair skin after UV exposure. Allow deep hydration. MW: 20 - 50 kDa	Cosmos

Commercial name	INCI	Claim	Status
PHYLCARE OL-HA	Hyaluronic Acid	Low MW and high hydration. Powder	Cosmos
HYACROSS TL 100	Sodium Hyaluronate crosspolymer, Pentylene-glycol, water	Protects skin against UV and pollution. Long-lasting. Moisturizing. Increases skin elasticity and reduces skin roughness. Gel form. MW: < 3000 kDa	
CATION HA CLEAR 1	Hydrolyzed sodium hyaluronate, Sodium Hyaluronate, Polyquaternium-10, Glycerin, phenoxyethanol, ethylhexylglycerin, water	HA with PQ 10. Brings hydration to the scalp together with conditionning effect. Solution
